

Sorting and Naming - Classifying Collections

Life is like a  
Box of  
Chocolates!

To make sense of the world around us, we like to name and group just about everything. This makes it easy to identify things that are important.

Box of Chocolates

The only Octopus that is at all common off the northern coast  
Often caught in the trawls, but only thrown upon shore by rough weather

*Dymella lycopersis*  
STEM ROT  
TOMATOES
